

## Call for Photographs for care *AD*vantage Magazine

**You have shared years of meaningful moments together--mothers, great-grandmothers, step-fathers, grandfathers, etc.--and now you have watched them bravely face Alzheimer's disease.** In honor of these important relationships, the Alzheimer's Foundation of America is asking for photographs to publish as part of a heartfelt Mother's and Father's Day tribute in its next issue of care *AD*vantage magazine, a magazine for caregivers of individuals with Alzheimer's disease and related illnesses ([www.afacareadvantage.org](http://www.afacareadvantage.org)). The photo could be of, for example, you and your loved one, you and other family members with your loved one, or just your loved one. Please email your high-resolution contributions and your full name and age as well your loved one's name and age (if deceased, age at death and year your loved one passed away), their relationship to you, and an accompanying paragraph (i.e. a favorite memory, something about the person, a hobby you shared together) to [info@afateens.org](mailto:info@afateens.org). AFA will publish your full name unless anonymity is requested. Should we publish the photo, we will ask you to sign a photo release. In order for your submission to be considered for the upcoming issue of the magazine, we must be in receipt of your submission by January 28, 2010. We appreciate you sharing these touching tributes with our readers. Please note: we welcome other creative contributions (poems, essays, artwork, etc.) for publication on our Web site.

**Don't forget: The deadline is approaching for the 2010 AFA Teens Advisory Board.** Applications are due by **February 1**. The AFA Teens Advisory Board offers teenagers a chance to build strong leadership skills, offer insight to AFA about the needs of teenagers as they relate to Alzheimer's disease, help steer the future direction of AFA Teens-and give back even more to the Alzheimer's community. Visit [www.afateens.org](http://www.afateens.org) to find out more details and download an application.
